

# Nisca PR-C101

Vivid colours and true black printing position the NiSCA PR-C101 as the leading Premium Entry Level Card Printer in its class. This amazing new printer offers full colour edge to edge printing using 24-bit continuous tone printing and 16.7 million colours

Whenever you are printing cards using one of our Nisca PR-C101, OZID Technologies will be right there with you. It's part of our commitment to total customer care and uninterrupted ID Card printing with the PR-C101. Nothing demonstrates this commitment better than our unique Diamond Replacement Program.

OZIDs' Diamond Replacement Program is both a symbol of our integrity and a service standard that sets us apart from our competitors.

When you consider what the package offers, you can see why it's acclaimed to be Australia's best ID card printer warranty and customer care package.

Above all, the NiSCA PR-C101 comes from OZID Technologies – Australia's leading Identification Security Company and a name you can trust.
