

Asure ID

Asure ID Solo™

Asure ID Solo™ is great for organisations looking for an entry level photo ID card software that provides quick and easy single sided card design and print production.

Asure ID Express™

Asure ID Express™ is the ideal choice for organisations looking for an affordable, powerful, and easy-to-use stand alone photo ID card software with advanced card design and batch printing capabilities.

Asure ID Enterprise™

Asure ID Enterprise™ is the perfect photo ID card software for organisations that operate over a corporate network. Multiple operators and different departments can easily create, update and maintain multiple shared records in real time.

Asure ID Exchange™

Asure ID Exchange™ is the perfect photo ID and ID card application control software for organisations seeking intuitive card design, data management and advanced card personalisation. Powerful integration, enrollment and encoding modules ensure a quick and seamless gateway with other existing database and network applications.

At last you can have complete control over your card design and printing requirements. Depending on your individual requirements, IDW Technologies offers a range of multifunctional Asure ID software applications that are easy and flexible to use, with features to manage any card design and printing need.

- User Friendly
- Ideal for Many Applications
- Password Protected
- Batch Printing Capabilities
- Powerful and Affordable
